

20ft ISO TUBE NF3

*Electronic
gases*

The perfect solution for the transport
of specialty gases

AIR FLOW

airflow.fr

20ft ISO TUBE NF3

It combines efficient logistics, high pressure and a reduced footprint

SPECIFICATIONS	12 TUBES		
Water capacity	13 200 litres		
Tare weight	18 920 kg		
Max payload	15 080 kk		
Working pressure	166 bar		
Approvals	CSC, ADR, IMDG, RID, TPED, DOT		
Size (L x W x H)	6056 mm x 2438 mm x 1980 mm		
GAS	Nitrogen trifluoride	UN 2451	8 700 kg

OUR OFFER

12 TUBES

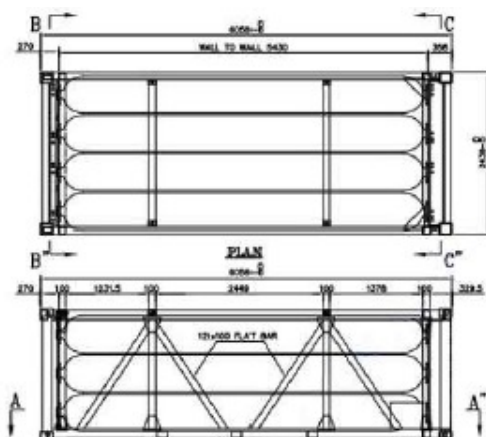

HIGH PRESSURE
166 BAR

SPECIAL GAS COMPATIBILITIES
Nitrogen trifluoride

20ft MULTIMODAL ISO TUBE CONTAINER
Approved container framed,
light tare weight 18 920 kg

YOUR ADVANTAGES

SAVE TIME AND SPACE

Efficient operations,
easy to deploy and transport,
small foot print

WORK SAFE

No electricity required, 2 independant manifolds lines, chock valve for delivery, isolated nanometers, stainless steel manifold. Both pneumatic and manual valve for extra safety. Emergency shut down device.

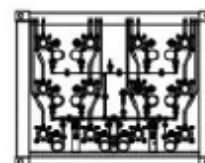

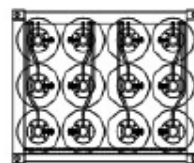

HIGH EFFICIENCY

Easy loading offloading process

EASY RENTALS

Flexible contract, no capex, immediately available
